Confirmation of compliance with the REACH regulation 1907/2006/EC (SVHC-list)

The REACH regulation requires that substances of very high concern (SVHC) have to go through a special approval process

Under Article 33 of the REACH regulation the supplier of an article containing a substance on the Candidate List in a concentration above 0.1% (w/w), is committed to inform his clients accordingly

Based on the currently available information to us from our material suppliers, we can assure that none of the SVHC substances on the actual candidate list is listed in our products in a concentration above 0.1 mass percent.

Our products are in accordance with the latest candidate list. You will be informed immediately in case of any change.

Note: The current SVHC list can be found at:
